MADE IN ITALY DAL 1975 SINCE 1975 / DEPUIS 1975

Con quasi cinquant'anni di esperienza nella produzione di porte interne, Contract è un punto di riferimento nel settore. L'eleganza del design MADE IN ITALY si unisce alle tecnologie più avanzate per creare prodotti di alta qualità, pensati per durare nel tempo.

With nearly fifty years of experience manufacturing interior doors, Contract is an exemplary name in the industry. The elegance of MADE IN ITALY combines with cutting-edge technologies to create high-quality products, designed to last over time.

Avec près de cinquante ans d'expérience dans la production de portes intérieures, Contract est une référence dans le secteur. L'élégance du design MADE IN ITALY s'associe aux technologies les plus avancées pour créer des produits de haute qualité, conçus pour durer dans le temps.

INNOVAZIONE DEI PRODOTTI **PRODUCT INNOVATION / INNOVATION DES PRODUITS**

Le porte Contract si distinguono per innovazioni tecnologiche significative: le cerniere a scomparsa garantiscono un'estetica pulita e continua, mentre la reversibilità permette di scegliere il senso di apertura in fase di installazione. Inoltre, l'uso di materiali fonoassorbenti assicura un isolamento acustico di 28 dB, per un comfort sonoro ottimale.

Contract doors stand out for significant technological innovations: the concealed hinges guarantee a clean and harmonious aesthetic, while the reversibility allows to choose the opening direction during installation. Furthermore, the use of sound-absorbing materials ensures 28 dB of acoustic insulation, for an optimal sound comfort.

Les portes Contract se distinguent par des innovations technologiques significatives: les charnières cachées garantissent une esthétique linéaire et harmonieuse, tandis que la réversibilité permet de choisir le sens d'ouverture lors de l'installation. En plus, l'utilisation de matériaux insonorisants assure une isolation acoustique de 28 dB, pour un confort sonore optimal.

U

OLTRE

La collezione Oltre combina linee essenziali con la tecnologia della cerniera a scomparsa totale. Realizzata in Futurex, offre una maggiore resistenza ai graffi, assicurando una lunga durata. La serratura magnetica silenziosa può essere integrata con un isolamento acustico di 28 dB, garantendo il massimo comfort. Il design moderno e le finiture ricercate rendono Oltre una scelta indispensabile.

The Oltre collection combines a design of essential lines with the technology of the fully concealed hinge. Made of Futurex, it offers greater resistance to scratches, ensuring a long product life. The silent magnetic lock can be integrated with a 28 dB acoustic insulation, ensuring maximum comfort. The modern design and refined finishes make Oltre an indispensable choice.

La collection Oltre combine des lignes essentielles avec la technologie de charnières complètement cachées. Fabriqué en Futurex, Oltre offre une meilleure résistance aux rayures, garantissant ainsi une longue durée. La serrure magnétique silencieuse peut être intégrée à une isolation phonique de 28 dB, garantissant un confort maximal. Le design moderne et les finitions raffinées font d'Oltre un choix indispensable.
